## TOWN WARRANT

### THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Sutton in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Pillsbury Memorial Hall in said Sutton on Tuesday, the thirteenth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.
3. To see how much money the town will vote to raise and appropriate for payment of aid to persons on public welfare.
4. To see how much money the town will vote to raise and appropriate for the repair of highways and bridges.
5. To see if the town will vote to raise and appropriate the sum of \$878.93 for Town Road Aid, the State to contribute \$3,515.70

6. To see how much money the town will vote to raise and appropriate for street lighting.

7. To see if the town will vote to raise and appropriate a sum of money beyond that required by law for the maintenance of the Sutton Free Library, or take any action relative thereto.

8. To see how much money the town will vote to raise and appropriate for Old Home Day celebration.

9. To see how much money the town will vote to raise and appropriate for Memorial Day celebration.

10. To see how much money the town will vote to raise and appropriate for the maintenance of the fire department.

11. To see if the town will vote to make the existing Post War Planning committee, authorized by the selectmen, an official agency of the town government.

12. To see if the town will vote to raise and appropriate a sum of money to carry on the work of said Post War Planning committee.

13. To see what sum the town will vote to raise and appropriate for the purpose of establishing a capital reserve fund to be used for installing a system of assessment maps and records or for the purchase of road machinery.

14. To see if the town will vote to raise and appropriate a sum of money for the New London hospital to secure extra service.

15. To see if the town will vote to raise and appropriate a sum of money for the Dartmouth-Lake Sunapee Region.

16. To see if the town will vote to raise and appropriate a sum of money for the control of White Pine Blister Rust.

17. To see if the town will vote to allow a discount for the early payment of taxes.

18. To see if the town will vote to accept a trust fund of \$200.00 for the care of the Edwin Wright cemetery lot.

19. To transact any other business that may legally come before said meeting.

Because the reports go to press somewhat earlier than usual there may be additional articles in the official warrant.

WILLIAM B. CONNOR,  
ARTHUR E. DAVIS,  
HERBERT L. PILLSBURY,

Selectmen of Sutton.

The number of pupils registered in the schools of the district is only slightly lower than last year. The number of pupils attending high schools in nearby districts was 23. Ten pupils from East Sutton attended the elementary schools in Warner. This makes 129 pupils residing in the district and attending public schools. The percent of attendance is not as good as in the previous year which set quite a high mark. The amount of tardiness is less than half that of the previous year and is less than one per pupil.

During the winter months lunches were served in all the schools.

We believe that the citizens of Sutton should be thinking of the construction of a three-room school building for a consolidated school. However, some of the benefits of consolidation could be obtained by assigning certain grades to each small school building now in use and having only two grades in one school with three in each of the other two. This was done in another district in this Supervisory Union this year with no additional expense for transportation. The same plan has been followed in another nearby district for several years with good results. In Sutton District the cost of transportation might be somewhat increased. This could be ascertained by a careful survey of the number of pupils in each grade and their place of residence.

If this plan should be tried in this district it would give the teacher with two grades four times as many minutes for work with each class as any Sutton teacher now has. Each of the other teachers would have two and two-thirds as much time for each class as any teacher now has. Teachers should have op-

portunity to specialize in methods of instruction for their particular grades. Another fact to be borne in mind at this particular time is that it is practically impossible to find well qualified teachers who will accept a position in a large one-room school with eight grades. The chances of securing teachers for the schools of the district would be much increased by dividing the grades among the schools.

Another benefit to be derived from this plan is the increased number of pupils in each class thus stimulating and enhancing the interest and emulation of the pupils. We recommend this plan for the careful consideration of the parents and school board.

JOHN A. SINCLAIR,

Superintendent of Schools.

## WHITE PINE BLISTER RUST CONTROL

In accordance with an understanding which Mr. Thos. J. King, District Leader, had with Selectmen, the 1944 appropriation was used to employ two trained scouts whose work was to map and examine the areas selected for eradication. The scouts were to destroy isolated currant and gooseberry bushes and note on their detail map areas of concentrations of such bushes which would be later removed by a crew when local manpower became available. The scouts were, fortunately, able to detail map and complete all the necessary eradication work in the two areas chosen in the northeast section of the town. The details of their work are noted on the attached statement.

Owing to an allotment of federal funds, available for control work, we were able to cover additional territory without any cost to the town, as is indicated by the attached statement.

That white pine is New Hampshire's most important commercial tree is evident by the fact that in its logging during the past three years about 750 million board feet were cut, or 70 per cent of the entire lumber production of this state. Therefore, it should be apparent to all that white pine growth is of sufficient value to warrant its protection from disease, fire and any other threats to its growth.

Very truly yours,

JOHN H. FOSTER,

State Forester.
